# Atlantis Stormwater Harvesting Solutions

## A Complete System...

Atlantis provides a complete stormwater harvesting solution. In conjunction with our partners, we offer stormwater filtration, water storage, integrated irrigation system and the purification of stormwater.

## Ideally Installed Into:

- Sports Fields
- Parks & Gardens
- Car Parking Lots
- Community Land

## Collect and Purify Stormwater from:

- Roads
- Car Parking Lots
- Sport Fields Runoff
- Urban Runoff
- Rooftops

## Benefits

- Harvest Stormwater
- Reduce Polluted Stormwater Runoff
- Protect Natural Bushland and Creeks
- Provide an ecologically sustainable stormwater system

## Features

- Tank Construction of any Volume
- No Flushing of Tank Required
- No Gross Pollutant Trap Required
- Long Life Performance
- Monitor Water Level via Computer Link

**Flo-Cell®**  
30mm drainage cell

**Flo-Tank® module**

## Water System Options consisting of ;

- **Water Storage** - Unlimited storage capacity
- **Irrigation Systems** - Surface and Sub Surface systems
- **Water Purification Plants**
- **Filtration Media** - Bio remediating soils are available to treat common contaminants found in stormwater runoff.

## Porous Paving Solutions

Atlantis porous paving solutions are ideal for harvesting stormwater. These pavers are suited for car parks, access roads, driveways, road drainage funelling stormwater into underground storage tanks.

## Installation of a Stormwater Harvesting Tank

Excavation and Leveling.

Installing Liner for Water Retention.

Installing **Flo-Tank®** modules.

Backfilling with washed river sand.

## At Atlantis, we're committed to providing solutions for a sustainable future.

The green city concept is the reason why Atlantis exists as a company today. Our vision is to build green cities that provide a sink for carbon, cool cities, beautify the urban landscape and clean, filter and reuse water through natural infiltration.

We have offices and partners around the world and our team of environmental engineers, landscape architects and biologists have years of collective experience in the field.
